

## Five Year Limited Warranty

### I. WARRANTY

**STAMOID® MARINE FABRICS** are warranted for a period of five (5) years from the date of purchase against extreme loss of color or strength from sunlight and other normal exposure conditions subsequent to normal use when properly maintained according to Stamoid recommendations.

- Breaking strength at least equal to 85% of its original value.
- Tear strength at least equal to 85% of its original value
- Uniform color degradation with the same exposure conditions
- Water-proofness

### II. EXCLUSIONS

This warranty does not cover labor installation and fabrication work by the fabricator/dealer or damage caused by use or care of the product contrary to the use and care instructions listed below.

The warranty is void if the nature of the complaint(s) come(s) from:

- Degradation due to inadequate transportation, storage, handling or malevolent degradation.
- Misuse of **STAMOID® MARINE FABRICS** for applications not intended for each specific product as detailed in the Stamoid Marine Brochure.
- Inadequate usage.
- Consequence of chemical or abrasion action or harsh environmental conditions.
- Inadequate maintenance. See item IV. Care and maintenance below.

### III. CONDITIONS OF WARRANTY APPLICATION

This warranty starts on the delivery date of the **STAMOID® MARINE FABRIC** to the customer. Warranty is applicable only if the nature of the complaint is communicated by registered courier with notification of reception by Serge Ferrari N.A., in a maximum lead time of 30 calendar days after its appearance. The invoice for the fabric must be fully paid before registration of any claim can be made.

If the material was not purchased directly from Serge Ferrari N.A., the claim will be registered with the wholesale distributor or converter that actually supplied the **STAMOID® MARINE FABRICS**.

If the fabric becomes unserviceable within the terms of this warranty, Serge Ferrari N.A. will supply replacement **STAMOID® MARINE FABRIC** free of charge. This warranty does not cover labor and installation supplied by the dealer.

### IV. Care and Maintenance

Regular cleaning and topcoat protectant application is required to ensure long life of the product. Stamoid recommends the use of **IMAR Brand 'Stamoid'** Marine Fabric cleaning and protectants products. Normal schedule of care is quarterly, while harsh environmental locations (extreme UV or caustic airborne particulate) will require more frequent care. In no circumstances should non-neutral pH or abrasive products be applied to Stamoid.

**Manufactured in Switzerland**
